

YUVANTA
— EXPORT —

Indian Agro & Food Ingredient Supplier for Global Markets

Exporting Psyllium Products, Guar Derivatives, Seeds
Dehydrated Vegetables and Moringa Products with consistent quality,
export compliance and dependable sourcing.

Indian Origin. Global Quality.

Your trusted sourcing partner for premium
Indian agro and food ingredients.

About Us

Yuvanta Export is an India-based agro and food ingredient export company supplying export-grade Indian products to international buyers across food, pharmaceutical and nutraceutical industries.

We specialize in sourcing, quality coordination and export documentation support, ensuring every shipment meets international buyer expectations for quality, compliance and consistency.

Our role is not just to supply products, but to reduce sourcing risk for our customers.

Why Buyers Choose Yuvanta Export

- Verified Indian sourcing network
- Export-grade quality control system
- Transparent documentation process
- Flexible MOQ and customized specifications
- Private label and OEM support
- Long-term partnership approach

We work only with ISO, HACCP, GMP and FSSAI certified processing facilities with full batch traceability.

Our Mission

To deliver consistent quality, competitive export pricing and long-term partnership value to international buyers.

Our Vision

To become a globally trusted Indian agro and food ingredient export brand known for reliability, transparency and consistent supply performance.

Quality & Compliance

Each shipment is supported with:

- Certificate of Analysis (COA)
- Phytosanitary Certificate
- Laboratory Test Reports
- Export Documentation

Our quality system follows batch-wise inspection, traceability and compliance verification before every shipment.

Private Label & OEM Support

We support international brands, importers, distributors and retail chains with:

- Customized grades and mesh size
- Packaging and labeling coordination
- Confidential brand protection
- Country-specific compliance assistance

Our OEM model enables buyers to launch and expand their own brands with confidence.

Founder / Leadership

CA Samipp D Agrawal

Founder – Yuvanta Export

Chartered Accountant | Export Entrepreneur

He is a Chartered Accountant by profession with a strong foundation in finance, compliance and international business operations. He founded Yuvanta Export with the vision of building a globally trusted Indian export brand based on quality, transparency and long-term business values.

Samip believes that sustainable export growth is achieved through trust, consistency and professional integrity rather than short-term transactions.

Global Supply Markets

Yuvanta Export supplies agro and food ingredients to buyers across:

Middle East | Europe | Asia | Africa

We serve food manufacturers, ingredient distributors, pharmaceutical and nutraceutical companies worldwide.
